Excerpt: .in most parts of Bolivia, which is probably the country richest in mineral wealth in the world and now, owing in great part to the liberal policy of the government and its enlightened president, General Ismael Montes, is being opened up by a network of railway lines constructed and worked under the same directorate as the Antofagasta railway. On the route from Oruro to La Paz via the railway, it is surprising to note that first one encounters much swampy country, but soon this changes for rough stony ground on which grows a short scrub affording food for llamas and donkeys, which are seen in large numbers, and later on this again changes for rough grass and one reaches the grazing ground which from time immemorial has supported the flocks of the Incas and their descendants. The llama, an animal which the North American reads of and sees pictured in his school books, and in after life remembers as almost a fabled creature as unnatural as the saber-toothed tiger of the antediluvian era, has hitherto been the indispensable factor in supplying the haulage medium which has made mine working in this difficult country of the Unloading trucks at Antofagasta, the great nitrate port of Chiie--very heavy crating was required for the long voyage from Los Angeles down the west coast higher Andes at all possible. The photograph here reproduced of the flock of llamas with heads raised high, ears pricked forward and their whole...
